

Who We Are

Information Security Consultants, Inc.

Our Value Statement

We operate on the basis of truth, integrity, and trust. These are our core values and the foundation from which we deliver the kind of technical excellence essential to our mutual success

Purpose

Our purpose is to eliminate uncertainties that create instability for businesses.

Mission

At ISC we provide our clients with a technological edge. We help our clients feel comfortable with, utilize and benefit from technology. Through planning, training and timely investigative solutions we help them develop a proactive approach to enterprise risk management, resulting in increased management maturity and business profitability, while reducing uncertainty and operating turmoil.

Commitment to Excellence

Our product is our knowledge. We spend significant time on a constant basis--continuing our education and developing new techniques; which increases our value to clients.

Confidentiality

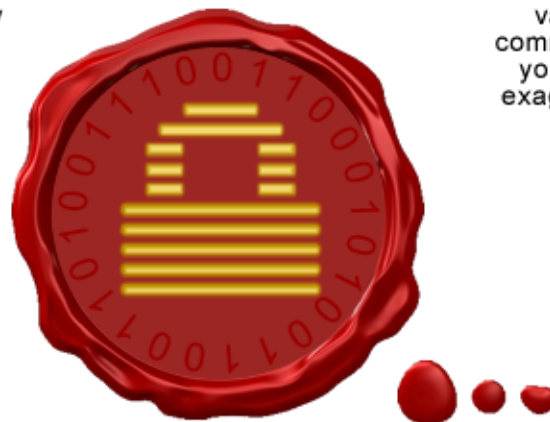

Our ability to safeguard your confidential data is critical to our mutual success. We are acutely aware of this and operate accordingly.

Commitment to the Truth

We will not compromise the truth to meet a clients expectation. Our value lies in our unshakable commitment to reality. As a result, you never have to worry about exaggeration or inaccuracy when you deal with us

Passion

We have a passion for what we do. This is what drives us and it shows in our work.

Service

Our service is our product. Therefore, we have established procedures to make sure our service is of the highest caliber and consistent.

Complexity Made Easy

Integrity

We will do what we say we will do. We conduct our business according to the Golden Rule- to do unto others, as you want done unto yourself

Ethics

You can count on us to choose the ethical high road when faced with a decision. Don't ask us to operate on the fringe, We won't do it.
